

# Caesar Salad

Printed from Salad Recipes at <http://www.saladrecipes.org/>

*The Caesar salad came together in Mexico during Prohibition when Hollywood big wigs wanted to get away from America and indulge in a “spirited” party. The result? A ravaged kitchen and the restaurant Caesar’s Place, with few ingredients left to feed a crowd—and the chef came up with his famous “Caesar” salad.*

## Ingredients:

1 head romaine lettuce, leaves torn, left whole

1 cup large homemade croutons

$\frac{3}{4}$  cup grated Romano cheese

Dressing:

1 cup mayonnaise

$\frac{1}{4}$  cup lemon juice

2 teaspoons Worcestershire sauce

3 cloves garlic

Salt and pepper, to taste

## Directions:

1) In a large bowl, toss together lettuce, croutons, and cheese. Set aside.

2) Combine dressing ingredients in a blender; puree until smooth. Drizzle over salad and toss gently. Serve on large plates.
